### Important!

Please fill in the contact form to get a more accurate pricing. This is because certain domain names can be expensive.  
A 50% deposit must be given before the website can be uploaded. The rest of the money can be paid after everything has been completed.  
To ensure trust between parties, you will not pay the deposit until you have has seen the final product.

# EonGrid Ethical Standards Policy

**Effective Date:** 27 December 2024

**Issued by:** Abdur-Razzaq Carelse, Founder & CEO

---

## Purpose

At EonGrid, we are committed to upholding the highest standards of integrity, professionalism, and ethical responsibility. This policy outlines the principles that guide our business conduct, the types of content and projects we will not support, and the expectations we have for our clients. Every project we accept must align with our values of respect, decency, honesty, and social responsibility.

This policy applies to all web design projects carried out by EonGrid, including those executed by our team, contracted professionals, and any third-party collaborators.

---

## 1. Content & Visual Standards

EonGrid will not create, promote, or host websites that include or are associated with any of the following:

### **Sexually Explicit or Indecent Content:**

We do not support websites that depict nudity, pornography, or sexually suggestive material. This includes:

Images or videos of individuals in lingerie, revealing swimwear, or sexually provocative clothing or poses.

Fashion, swimwear, or spa-related content that uses objectifying or suggestive imagery—particularly those that showcase women or men in a demeaning or sexualized manner.

### **Unprofessional Depictions of the Human Body:**

While we recognize legitimate industries such as fashion and fitness, we only support these within tasteful and professional limits. For example:

Gym websites that feature men shirtless in exaggerated, oiled-up poses or sexualized photography are not permitted.

Spa websites that center marketing on the sensual display of female clients will be declined.

---

## 2. Prohibited Political and Ideological Content

EonGrid reserves the right to decline projects that promote political views, parties, or ideologies that do not align with the fundamental nature of humanity. We do not build websites that support divisive or partisan agendas outside of our own ethical framework.

---

### 3. Hate Speech & Discrimination

We strictly prohibit the creation or support of websites that:

- Promote or normalize any form of discrimination.

- Messaging that incites hostility, harassment, or violence.

- Content that degrades, dehumanizes, or marginalizes any individual or group.

---

### 4. Data Privacy, Security & Ethical Technology

EonGrid is committed to ethical and lawful use of technology. We do not create websites that:

- Attempt to deceive, scam, or manipulate users.

- Steal, sell, or misuse personal or financial information.

- Implement unethical tracking or invasive surveillance tools.

- Promote illegal or fraudulent technologies, including deceptive AI, spyware, or deepfakes.

All websites we design will include best practices for data privacy and comply with local and international data protection regulations.

---

### 5. Payment Compliance & Compensation Policy

To ensure mutual respect and fairness in all business engagements:

**Payment Completion:**

Clients must complete full payment as outlined in our agreement. We reserve the right to pause or cancel projects if payment is delayed or withheld without valid reason.

**No Compensation for Delays:**

While we strive for timely delivery, we are not liable for delays caused by scope changes, technical setbacks, or client-side issues. Clients will not be entitled to financial compensation for such delays.

---

### 6. Legal & Industry Compliance

All projects must fully comply with:

Copyright, intellectual property, and licensing laws.

Advertising and marketing regulations.

Applicable local, national, and international laws relevant to the client's business or industry.

EonGrid does not want to be held liable for any that does not comply.

---

## 7. Project Evaluation & Enforcement Process

Each project undergoes a thorough review process where we:

Evaluate the client's goals and materials.

Check content against our ethical standards.

Flag and discuss any concerns before proceeding.

EonGrid reserves the right to refuse or terminate a project at any stage if it violates this policy or presents ethical conflicts.

---

## 8. Client Responsibilities

By working with EonGrid, clients agree to:

Provide accurate and honest information about their business and intended use of the website.

Cooperate during development to maintain compliance with this policy.

Accept content adjustments or removals if necessary to align with our standards.

---

## 9. Association Disclaimer

If a client alters the final product or misrepresents our work by redirecting it to unethical content, EonGrid will immediately disassociate from the project. We will not be responsible for any changes made post-launch that violate our ethical code.

---

## 10. Policy Updates & Revisions

We reserve the right to update or revise this policy as needed, based on changes in law, industry standards, or our own ethical stance. The most recent version will always be accessible on our official platforms.

---
